

Girl on a motorbike

Words & Music: Matteo Villa (c) 2012

[Verse]

Saw a girl on the motorbike
I don't know her name
But I saw her eyes
Red lips of a glossy kind
Black curly hair
And a weird smile

[Chorus]

Tell me your name, babe?
Wanna drink with me
Go for a ride?
Leave me alone!

[Verse]

Big lips like no one else
When I see her walk
I shiver inside
Black glasses for her eyes
And a long black coat
like a closed door

[Verse]

That girl on a motorbike
She's driving away
Towards my dreams
That girl on a motorbike
Will never leave
But stay in my mind
